

KAMM GROUP
OF COMPANIES

A Business Built on Reputation

A Modern Fleet of Machinery

Quality, Affordable Projects

Civil Engineering

KAMM Civil Engineering Ltd carry out a diverse range of services across all sectors with Health and Safety given priority of importance at all times.

Our Machinery

Over the past decade KAMM has invested in a modern fleet of equipment. Including Tracked and Wheeled excavators from 3-35 tonnes and over 200 vehicles in the fleet.

Residential Services

OVER 10,000 people live in homes with driveways and patios installed by KAMM.
We are committed to providing top quality projects at prices that are affordable.

Welcome to KAMM Group

We provide first-class groundworks and civil engineering services to developers and contractors across the South of England

REPUTATION

At KAMM, we're proud to have over 25 years of experience delivering services in all areas of groundworks, roads, drainage and civil engineering.

RELATIONSHIPS

Many of our clients have been with us from the start, and we're delighted to welcome them back time and time again.

COMMUNITY SUPPORT

We're dedicated to helping our local area reach its full potential, benefiting both residents and the community.

We are a value-driven company that puts our clients at the heart of what we do.

Why Choose Us?

WE ARE PASSIONATE

With a proven track record as a trusted, reputable construction company, we're pleased to offer our clients first-rate civil engineering and residential services in the South of England.

Every project we undertake is completed with the utmost professionalism, guaranteed to exceed your expectations.

We're passionate about sourcing quality materials - providing first-rate services at affordable prices. We also offer outstanding support and accessibility throughout your time with us, keeping you updated every step of the way.

Pre Construction Values

KAMM offers support from the start of a project, right through to the end. We believe a job that starts well, will finish well. This is why at tender stage, we offer our advice and expertise to every client to provide the best options to achieve success.

Our ever expanding team of professionals takes pride in each project and has vast knowledge within the civil engineering and groundworks sector.

Honest And Dependable

We strive to complete all projects with complete integrity. Whether you're coming to us as a client, supplier or contractor, you will be treated with the utmost respect by our knowledgeable, friendly team.

With thousands of successful projects under our belt, we are proud to be one of the most trusted construction companies in the South of England.

We Are Always Improving

At KAMM Group, we commit to always completing projects within the timeline agreed upon with our clients.

To ensure all jobs are completed both swiftly and to the highest of standards, we use only the best technology and tools available to the industry.

Who We Are

Site engineers Adam McCormack and Keith McWilliams formed the civil engineering division of KAMM Group in 1995. They quickly developed a strong reputation for providing clients with first-class service.

Today, KAMM Group employs over 350 qualified personnel covering all aspects of civil engineering from our head offices near Bournemouth in Dorset.

Contract values range from £4 million to £90 million.

Our promise as a contractor is to build community value into every project while delivering professional expertise, exceptional customer service and quality construction.

Clients

Civil Engineering

Formed in 1995 by site engineers Adam McCormack and Keith Williams, the civil engineering division of KAMM Group has flourished into a successful, reputable business, providing first-class construction and engineering services.

Today, we're proud to employ over 350 talented personnel, with services covering all aspects of civil engineering, from site development to landscaping. From our head offices in Ringwood, Hampshire, our passionate team is on hand to provide tailored advice, guidance and support when you need it most.

Contract values range from £4 million to £90 million.

Our Services

KAMM Civil Engineering Ltd carries out a diverse range of services across all sectors. No matter the task at hand, the safety of our clients is at the top of our list of priorities. If you're looking to maximise your business potential, choose our superior civil engineering services today.

With the ability to offer tailored solutions and packages that exceed the requirements of our valued clients, our services are truly unmatched.

As a result of our dedication, honesty and integrity, KAMM Civil Engineering Ltd is pleased to be welcoming customers back, time and time again.

We strive to provide innovative solutions, matching the expectations of both our clients and fellow consultants. We also ensure to maintain flexibility in our design, and reliability on proven engineering principles.

Our Machinery

Our modern fleet boasts an extensive collection of equipment, featuring both tracked and wheeled excavators ranging from 3 to 35 tonnes. With hundreds of vehicles available, we offer unparalleled flexibility and efficiency. You can rely on the fact that all of our machines are serviced and maintained to ensure they are both safe and in top working condition.

We take pride in our mobile workforce of skilled professionals from the local area. We have a wide variety of modern transport solutions at our disposal, including a fleet of vans, lorries, and road brushes. Our transport solutions are well-maintained, ensuring that we can deliver our services to our clients on time and with precision.

Every residential project we undertake is tailored to the unique needs of our clients.

Desired by you — delivered by us!

Plant Hire

With an ever expanding fleet of ADTs, Dozers and large earth moving equipment, this division of the KAMM Group is on hand to assure that every project has the machinery for the job.

Over 400 Vehicles

Skilled mobile plant technicians are always ensuring that every bit of plant, big or small, is ready to undertake the job at hand. With over 400 vehicles and plant, the team is growing rapidly.

The plant office in Bishops Waltham is ideally located to provide all round access to any site that needs assistance.

Active Sites

At KAMM Group, our team is currently working on a number of exciting projects, from large-scale commercial sites to smaller, residential jobs.

With years of experience in the field, we're proud to be trusted with a multitude of complex construction projects, securing contracts year after year.

To find out more about the jobs we're currently working on, view a selection of our active sites below.

Boorley Green

CLIENT	PROJECT VALUE	COMPLETION DATE
Bloor Homes Bovis Homes & Linden Homes (Vistry)	Circa £70 million	2024

A former golf course, the project at Boorley Green amalgamates a consortium comprising of Bloor Homes, Bovis Homes & Linden Homes. It now features 1,400 homes, a school, a sports pitch, a community centre and local shops.

The area surrounding Hedge End has seen investment in multiple housing and infrastructure projects, and, in recent years, we're proud to have been involved in the development.

KAMM began work in 2016 on the first phase of housing, along with the roads & sewers, and the construction of a new roundabout for access into the project. Since then, we've completed 11 further phases. The site was the pinnacle for KAMM, as it gave us the opportunity to expand, showcasing our capabilities to prospective clients on the larger schemes, whilst maintaining the quality to achieve their award-winning standards.

Boorley Gardens

CLIENT	PROJECT VALUE	COMPLETION DATE
Miller Homes & Bellway Homes	Circa £45 million	2027

Miller Homes & Bellway Homes have collaborated on the 113 acres of Boorley Gardens to help bring 700 new homes to the region. Complete with a new school and shops, it will offer residents access to Botley village.

Since the commencement of the project in 2022, KAMM has undertaken infrastructure works that will provide over 4 miles of new access roads, along with associated sewers, footpaths, pump stations, detention basins etc., whilst also progressing the groundworks elements to the housing parcels.

Barton Farm Winchester

CLIENT	PROJECT VALUE	COMPLETION DATE
Cala Homes	Circa £100 million	2030

Kings Barton has been a benchmark for CALA, with over 2000 homes to be built in total. It is the largest housing project for a single developer in Europe, offering access to the City of Winchester (former capital of England), along with its stunning cathedral.

Since the project commenced in 2016, KAMM is now in the third phase and has so far constructed in excess of 700 units along with associated infrastructure road and sewer works.

KAMM has so far also undertaken cut & fill works in excess of 150,000m³, with more to come.

It has been a fantastic opportunity for us to show our diverse range of skills. Once complete, the project will alter the landscape of Winchester.

Oaklands School

CLIENT	PROJECT VALUE	COMPLETION DATE
Drew Smith	Circa £3 million	2023

Built on the location of the former school, Oaklands provides modern quality homes as standard from Drew Smith.

The project has been a fantastic opportunity for KAMM to show our ability to overcome challenges and manage a mixture of 278 and site works simultaneously.

Image property of KSA

Liphook

CLIENT	PROJECT VALUE	COMPLETION DATE
Redrow Homes	Circa £6 million	2023

Just North of South Downs National Park, the Redrow Homes development at Liphook offers residents easy access to London and nearby schools. The nearby Radford Park provides an opportunity for peaceful walks and vast woodlands.

KAMM has undertaken the full scope of Civil Engineering works with a mixture of deep drainage and infrastructure along with the house groundworks element on this tight challenging development of 175 units.

Farnborough

CLIENT	PROJECT VALUE	COMPLETION DATE
CALA Homes	Circa £6 million	2023

Circa 150 homes for CALA at Apollo Rise, offering a selection of semi-detached and detached homes. Encompassing the standard of the dream home guarantee that CALA offers their customers.

Close to Farnborough International Airport, it also boasts easy access to London. Since starting, KAMM has worked closely with CALA to coordinate a mixture of infrastructure, S278 works and the house groundworks element.

Honsome Fields

CLIENT	PROJECT VALUE	COMPLETION DATE
Vistry Homes Thames Valley	Circa £30 million	2027

Situated on the outskirts of Basingstoke, Honsome Fields is surrounded by woodlands and is just 10 minutes from the town centre. Once complete, the project will boast over 750 dwellings. Thus far, Kamm has been fortunate to work on the first 4 phases, which have involved the construction of roads & sewers, associated footpaths, pump stations, Soakaway basins etc., along with all the groundwork elements traditionally associated with a housing scheme. Co-operation has been a focal point for KAMM on this project due to multiple phases running concurrently. It's proven yet again that KAMM is capable of working in complex environments, whilst still producing outstanding results for our client.

Finchwood Park

CLIENT	PROJECT VALUE	COMPLETION DATE
CALA Homes	£100 million	2032

The picturesque Finchwood Park is made up of over 140 acres, split into multiple phases.

Offering the area of Finchampstead a boost in its housing and infrastructure requirements, KAMM has so far undertaken two phases, along with accompanying 278 Works.

KAMM has also installed major drainage works, including multiple pumping stations, along with a number of basins, roads & foundations. Working closely with our valued client, Cala Homes, we are proud to showcase all of our skills in this prestigious development.

Arborfield

CLIENT	PROJECT VALUE	COMPLETION DATE
Bloor Homes	Circa £7 million	2024

The Arborfield project by Bloor Homes gives residents a piece of the country, with the City of Reading just to the north. KAMM has undertaken significant infrastructure roads & sewers along with all the groundworks traditionally associated with a housing scheme of this nature.

Once complete, residents can roam the nearby countryside or get to London in under an hour.

Basingstoke Golf Club

CLIENT	PROJECT VALUE	COMPLETION DATE
Bloor Homes	£7 million	2024

KAMM has been fortunate enough to be awarded two phases and the Section 278 works at the former golf course in Basingstoke. A 10-minute drive from Basingstoke City, surrounded by woodlands, Bloor Homes are building approximately 1,000 new dwellings.

Significant Section 278 works are currently being constructed by KAMM to join the project on the A30 trunk road, whilst also constructing the infrastructure roads & sewers. This also included the need for trenchless sewer construction in areas, along with the groundworks on each of the current housing phases.

Numerous machines and skilled operatives are making sure the project is progressing to our client's requirements.

Berewood, Waterloooville

CLIENT	PROJECT VALUE	COMPLETION DATE
Bloor Homes	Circa £7 million	2024

Encompassing two phases (5A & 3B), Berewood at Waterloooville has offered KAMM the chance to build 144 & 122 homes respectively for Bloor Homes Southern. Known locally as Woodlands Edge, the site allows easy access to acres of woodland and open spaces, as well as local schools, and only a 5-minute drive to the motorway network.

This project has given KAMM the perfect opportunity to demonstrate our speed and resourcefulness, along with our continued commitment to quality.
